

Introduction to the City of Richmond and Accommodation Guide

Sports Events Hosts

Richmond Olympic Oval: Opened 2008

Experience the Excitement of Competing in a 2010 Winter Games Venue City

The City of Richmond

Richmond is an impressive multi-cultural community that has proven successful in fostering growth while preserving its historic sites and scenic beauty. Through innovative programs and environmental initiatives, Richmond has undergone enormous changes while still protecting its charm and community involvement. You will find our city diverse in culture, rich in history and arts, exciting, entertaining and picturesque.

With a population of over 200,000 people, Richmond is a growing dynamic urban center with a unique mix of residential and commercial property, agricultural lands, waterways and natural areas. Recently the City was recognized for over 125 years of volunteer involvement. Throughout its history Richmond has always viewed volunteers as partners whose contributions to the community are valued and respected.

Richmond is proud to have been selected as a "Venue City" for the 2010 Olympic Winter Games, hosting speed skating events in the new Richmond Olympic Oval. Before and after the Games, the Oval will be converted into a multi-purpose community and high performance sports centre, with a main hall four acres in size, with numerous other large multi-purpose rooms and a world-class sports medicine facility. For community use, the Main Hall will include two international size ice rinks, eight gymnasiums and a 200 metre track, with additional sports in the track infield.

Centrally located between the Peace Arch Border Crossing and Downtown Vancouver, Richmond is home to the Vancouver International Airport and is serviced by the Canada Line elevated rapid transit and several major highways and throughways. Richmond is a unique city comprised of a series of islands nestled in the mouth of the Fraser River with the coastal mountain range as a backdrop. The islands include Sea Island, most of Lulu Island, and fifteen smaller islands. Accommodations include 26 hotels with over 4,700 guest rooms, ranging from 2 to 4 star options with great amenities and excellent service

Attractions of Richmond

Who is Richmond?

Richmond is a unique city island on Canada's Pacific Coast favourably located within Metro Vancouver in close proximity to downtown Vancouver and the U.S. border. It is comprised of a series of islands nested in the mouth of the Fraser River with the coastal mountain range as a backdrop. Picturesque mountain vistas, leisurely strolls, whale watching, scenic harbour boat tours, museums and fresh seafood restaurants will satisfy any appetite for a beautiful day filled with adventure and excitement.

Home to over 200,000 people Richmond is a growing dynamic urban center with a unique mix of residential and commercial property, agricultural lands, industrial parks, waterways and natural areas. It lies where the Fraser River meets the ocean. The shores surrounding Richmond create an estuary border that provides habitat for fish and for migrating birds on the Pacific Flyway between the Arctic and South America. Richmond has undergone enormous change over the last several decades, with significant growth in the early 1990's.

Today, Richmond is a dynamic multi-ethnic community. Much of the recent population growth has been of Asian immigrants: people of Asian ancestry represent approximately sixty percent of Richmond residents. This diversity of cultures has contributed greatly to the richness and vibrancy of the City.

Richmond has become one of the most liveable cities in the world. In August 2007, Canadian Living deemed Richmond the "the country's healthiest and longest-living people. With a life expectancy of 83.4 years, Richmondites not only beat the Canadian average (79.3 years), but they also outstrip the Japanese (81.4), one of the world's healthiest people."

What does Richmond have to offer?

The City of Richmond has extensive facilities, services, and amenities to host visiting sports teams and events. The above assets are complimented by a strong history of small, medium and large event hosting and community volunteer support resulting in successful and memorable events.

Facilities, Services and Amenities:

Richmond enjoys the benefit of excellent Parks and Recreation Programs and an abundance of modern recreation facilities and an extensive system of city, community and neighbourhood parks, scenic trails, cycling routes and walking paths, all of which contribute to a healthy active community and help to enhance our quality of life.

The year round use of these amenities is enhanced by the temperate west coast climate enjoyed by Richmond. Unlike other parts of Canada the west coast gets little or no snow most winters. Richmond's average rainfall is 30 percent less than Vancouver.

Attractions:

Richmond provides a variety of excellent restaurants, shopping centers, unique historical sites, beautiful parks and gardens, excellent cultural and entertainment facilities as well as superb recreational facilities. Fishing, boating and whale watching tours are among the uniquely west coast experiences you can talk about after a visit to Richmond.

Some examples of Richmond specific attractions include **Steveston's Historic Fishing Village**, which provides a rich history of the west coast fishing industry. Stroll through the village shops and visit the many historic sites in the area. Visit two official national historic sites, [The Britannia Heritage Shipyard Park](#), site of the award winning Murakami House, and the [Gulf of Georgia Cannery](#). Stop in to see the Steveston Museum, and of course no trip to Steveston is complete without fish and chips on the wharf and a walk in Garry Point Park.

Other nearby attractions includes **London Farm, Finn Slough, the Buddhist Temple** and the many fruit and vegetable stands along Steveston Highway.

And not to be forgotten or missed: Richmond Olympic Oval, Minoru Park and Minoru Chapel, Aberdeen Centre Mall, Richmond Centre Mall, Riverport Sports Centre, The Night Market, The Nature Park, West Dyke, Iona Beach, Vancouver International Airport (YVR), Golf Courses, Go Cart Track, our brand new Sanduz Estate Winery, two whale-watching tour companies and many air tour firms.

Greater Vancouver

Richmond's proximity to other beautiful cities that make up the Greater Vancouver Regional District provides easy access to many other popular lower mainland attractions such as Vancouver's Stanley Park, UBC, Queen Elizabeth Park and Gastown. Richmond is 30 minutes drive north of the USA border, and less than 2 hours from Vancouver Island by BC Ferries.

Arts and Entertainment

Richmond's Library and Cultural Center is home to an art gallery featuring contemporary art by local and international artists, an arts center with nine art studios, a museum depicting Richmond's historical roots and an award-winning library with collections in English and Chinese and an excellent computer center.

The **Richmond Gateway Theatre** is a delightful venue for professional theatre, special features and concerts. The 560-seat theatre provides comfortable seating, great sightlines and superb acoustics.

Richmond's River Rock Casino is one of the regions' primary entertainment centres. In addition to the casino, nine restaurants and bars, fitness centre and spa, the 950 seat show theatre regularly features world class entertainers.

Restaurants and Shopping:

Dining in Richmond offers something for every palate. It provides an unlimited variety of international cuisine that reflects the city's diverse ethnic mix and cultural heritage as well as a wide selection of traditional family restaurants.

The latest fashions, an assortment of uniquely Canadian products and goods imported from the four corners of the earth, can all be found in the Richmond shopping districts. There are nine shopping centers along No. 3 Road including three major malls. The Golden Village is home to the second largest Asian community in North America. This district displays its exciting culture by being host to numerous shopping malls, restaurants, hotels, shops and karaoke bars that are all within walking distance of each other. These shops and services offer local residents and visitors an assortment of goods from jewellery stores, art galleries and high-tech equipment to the latest in designer fashions, all within the heart of Richmond. The Golden Village captures the imagination and history of Hong Kong and creates an experience that boasts its Asian roots. The Public Market on Westminster Highway offers a feast for your senses with 75 shops set in a lively atmosphere filled with fresh produce, baked goods, flowers and gifts.

A European style Luxury and Designer Outlet Mall opens near Vancouver International Airport in Richmond in spring 2015.

Access and Transportation:

Vancouver International Airport is located in Richmond on Sea Island, with hotels offering constant shuttle services from YVR. Richmond is connected to neighbouring lower mainland cities by a series of bridges and a tunnel. There are two major freeways feeding into Richmond and two railway lines. Richmond also has two international seaports.

Richmond also has 7 Canada Line Skytrain stations providing frequent high speed transit to the airport and downtown Vancouver and throughout the region along a 69 Km network. The network will be further expanding to 80 Km in 2016.

Places of Worship

Richmond features churches and temples of every faith. In their "Seven Wonders of Canada" contest, the CBC included No. 5 Road, Richmond, the so-called "Highway to Heaven", which features two mosques, a Sikh gurdwara, numerous churches, an International Buddhist temple, and a Hindu mandir, as the embodiment of the brand of multiculturalism which Canada represents.

Richmond Olympic Oval

In 2004, the City of Richmond was awarded the right to construct the Long Track Speed Skating Venue for the 2010 Olympic and Paralympic Winter Games. Nestled along the Middle Arm of the Fraser River, this Richmond Olympic Oval is the signature venue of the 2010 Games

From its inception, a major part of the strategic planning for the Oval has been that it will become a world-class multi-use facility and the focal point for community wellness and recreation and sports training and competition. While the Oval was the host venue for Long Track Speed Skating, that is only one of many uses before and after 2010.

Infinitely flexible in its design, the Oval has hosted a variety of multi-sport competitions and cultural events starting in 2008. The building measures more than 360,000 square feet. The main hall alone is 200 yards long by 100 yards wide, i.e., four acres.

In order to maximize community benefit from the Oval, the multi-sport usage of the facility will began in 2008. In this Pre-Olympic Phase, even when the Speed Skating ice is in place, the building is so large that there is an immense amount of usable space in the centre of the track, outside the track and in the many other rooms in the building. As an example, just the centre section of the inside of the track contains a hardwood area that equals four large gymnasia.

During 2009, the Oval was in use for limited events, and Richmond was in advanced preparations to “Welcome the World” in 2010. The City of Richmond and its community groups relish the opportunity to share the Oval, our other sports facilities and the excitement of being a “2010 Venue City” with visiting players and athletes in all sports.

The Oval grounds feature a large outdoor plaza along the river that can hold events for over 6,000 people.

In Summer 2010, the Oval was retrofitted to convert the building to its final format: two International size ice rinks, eight gymnasia, a 200 metre running

track, sports medicine and science and related resources.

Accommodation

Overview

As the fourth largest travel destination in the province, and the home of Vancouver International Airport, Richmond has an extremely wide variety of choices for visitor accommodation, with 25 hotels ranging from 2 to 4 stars, plus Bed & Breakfasts, totalling 4,900 guest rooms. Included in the breadth of the accommodation base are eleven hotels with 2 or 2.5 stars, offering budget-conscious value, eight 3 star mid-range hotels and nine premium hotels with 3.5 or 4 stars.

The number of hotel rooms in each category is:

Total Rooms: 2 or 2.5 stars 1,236
Total Rooms: 3 stars 1,222
